

# STUDY TIPS FOR STUDENTS

A GUIDE TO BETTER LEARNING

## FORM A STUDY GROUP

Collaborating with peers will promote better understanding of the material

## SUMMARIZE NOTES

Putting notes into your own words will help you remember and understand them more

## CREATE A CHECKLIST

Making a list of all tasks will help to stay more organized and keep on track

## UTILIZE SKETCHNOTING

Hand written notes and drawings is a good way to remember new info

## TIME MANAGEMENT

Ensuring you stay on schedule and dont get distracted by extraneous things will increase learning efficiancy
